Type: Single-Family
Size: 6,845 sq. ft.

This 8-bedroom, 8-bathroom Monterey-inspired Spanish Revival house sits nestled within 50,000 square feet of luxurious landscape. Rooms are organized like pearls on a necklace along long, sunlit galleries on the interior, while second floor balconies, low-sloping roofs, and pergolas emphasize horizontality on the exterior. The backyard is outfitted with a pool, spa, and cabana to take advantage of the mediterranean Soutern California climate.
